## PROFESSIONAL SUMMARY

B.Tech graduate in Computer Science and Engineering. Holds a diploma in MERN Stack Development and is a Certified Python Associate. Skilled in Python, Ai-agent creation and responsive web applications with expertise in AI and data analysis projects. Currently managing Meta Ads and digital marketing campaigns to expand global client reach.

## PROFESSIONAL EXPERIENCE

### *Embedded Engineer*

**Grapes IDMR Koratty, Kerala.** ***February 2026 – (Present)***

- Led R&D for embedded IoT devices using ESP32 and ESP8266, developing firmware in C/C++ with FreeRTOS for WiFi/BLE connectivity.
- Designed and prototyped DIY mini PCBs with Eagle/KiCad, integrating sensors and custom hardware for compact, low-power solutions
- Deployed full-stack MERN applications to cloud platforms like Vercel and Heroku, ensuring 99.9% uptime and scalability for growing user bases.

### *Software developer*

**Lynksta IT Solutions Thrissur, Kerala.** ***August 2025 – December 2025***

- Engineered responsive React frontends using hooks, Redux, and modern component patterns for seamless user experiences across devices.
- Designed and implemented RESTful APIs with Node.js, Express.js, and JWT authentication, integrating MongoDB for efficient data management.
- Deployed full-stack MERN applications to cloud platforms like Vercel and Heroku, ensuring 99.9% uptime and scalability for growing user bases.

### *Tech Sales & QA Consultant*

**Libromi LLC Dubai, U.A.E.** ***June 25 – August 2025***

- Deploys and configures WhatsApp chatbots using Libromi's AI-driven no-code automation platform for business clients.
- Consults clients on WhatsApp campaign strategy, mass messaging setup, and enhanced customer engagement tools.
- Integrates WhatsApp automation with CRM and e-commerce systems, optimizing brand process flows for marketing and sales.

## INTERNSHIPS

**Revertech it solutions pvt ltd Kochi, Kerala.** **March 2024** Intern - 7 Days.

- Python Basics, Front End Development (Python, Flask).
- Submitted a Report of the Overall Process.

**SandsLab, Infopark Koratty, Kerala** **May 2023**

Intern - 7 Days

- Data Analysis in python.
- Submitted a Report of the Overall Process.

**Gseven Technologies, Irinjalakuda, Kerala** **Sept 2022**

Intern - 7 Days

- Front End Development (HTML, CSS).
- Submitted a Report of the Overall Process

.

## CERTIFICATIONS

- Bachelor of Technology in Computer Science and Engineering - Nirmala college of Engineering.
- Diploma in MERN STACK - Edure Kochi, Kerala.
- Certified Associate in Python Programming - IPCS Global, Thrissur, Kerala.

## SKILLS

- AI generalist.
- Meta Ads Manager.
- Web Development.
- Software Development.
- Canva Creator.
- Leadership.
- Team Collaboration.

## EDUCATION

**B.Tech, Computer Science and Engineering** **2021 to 2025**

Nirmala College of Engineering,Thrissur, Kerala.

**Higher Secondary** **2019 to 2021**

St'Antony's Higher Secondary School, Pudukad, Kerala.

## PROJECTS

- TRAVEL PLANNER (Developed Travel Planner Web App Using MERN Stack by Integrating Markov Chain Algorithm).

- WP33 (Led the development of an AI-powered document verification system under government contract, utilizing OCR technology and machine learning algorithms for secure lottery ticket validation)

- NAADAN STORE (Developed a full-featured e-commerce web application using the MERN stack, implementing product listings, shopping cart, and secure payment integration to enhance user shopping experience)

- BILLING SOFTWARE (Created a robust billing and invoicing system with real-time transaction tracking, report generation, and database management using HTML, CSS, JAVASCRIPT, PHP, SQL for streamlined financial operations)

---

## LEADERSHIP ACTIVITIES

- Demonstrated leadership as Team Leader for multiple software development projects and Meta Ads management initiatives at Lynksta IT Solutions, driving collaboration and delivery excellence.

- Served as Association Head of Tech Explore Association at Nirmala College of Engineering (2024-2025), leading initiatives and managing association activities.

- Coordinated the departmental Techfest, Trilok 2024, successfully organizing technical events and workshops for the Computer Science and Engineering department.

- Organized awareness programs on critical topics including Intellectual Property Rights (Patents, Trademark, Copyright) and Sustainable Development Goals in collaboration with the National Digital Library of India.
